

WHY I FLY THE RED 1901 FEDERAL LAND FLAG

On the 26th January 1910, the day we call Australia Day is in actual fact the day we officially became a foreign Occupied Territory. 8 Hague War on land treaties were signed because of Australia's involvement in Imperial Usufruct Agreements going back as far as the Geneva Conventions in 1864. The US became our foreign administrators of a de facto government who owed money to globalist bankers.

60,000 ANZACS died during WWI, and Billy Hughes, the Prime Minister of the day stood up for Australia allowing Australia to become an independent sovereign nation. His goal was to pay off this debt and free Australia. After WWII, Australia joined the United Nations and soon after there was a change in nationality status for all Australians to Citizens of Australia that were placed under the trusteeship of the United Nations, as per the Nationality and Citizenship Act 1948.

There have been other insidious Acts passed through parliament that have unlawfully made changes to the Australian Constitution that has in effect taken the power away from the people and into the hands of the Globalist Banking Cartel, whose intentions were to put us all into debt slavery. Our constitution preamble states: "humbly relying on the blessing of Almighty God, have agreed to unite in one indissoluble Federal Commonwealth under the Crown of the United Kingdom of Great Britain and Ireland, and under the Constitution hereby established."

Our flag was changed in 1908 by way of admiralty orders changing the 6 pointed star to the seven pointed star that was in line with the newly introduced coat of arms. Further admiralty orders in 1931 in the Statute of Westminster Act 1931 defined the blue and white ensigns as Naval flags not to be used onshore. This was changed by the Flags Act of 1953.

More evidence that Australia was sinking further into debt is illustrated on the 29th June 2009 when the Commonwealth of Australia was floated on the securities and exchange commission. The Commonwealth of Australia's ABN is 98 724 451 651 and it's CIK# is 0000805157. The business address is listed as *1601 MASSACHUSETTS AVE NWC/O AUSTRALIAN EMBASSY WASHINGTON DC 20036*.

When Imperial Subjects became Australian Citizens, they officially boarded the citizen-SHIP which meant that we became liable for this debt under the rules of usufruct as Debt Slaves.

We have been under military law since 1910 after the Great White Fleet came to Australia to collect the debt owed by the Commonwealth. In 1939 a treaty was signed called the Declaration regarding the Teaching of History (Revision of School Textbooks) which enforced changes to the way history was taught in schools. So, the reason you do not know this is because the foreign occupiers didn't want you to because Australians might get upset to know the truth.

If you are a citizen, you are under the rules of maritime law, which is commercial contract law. This then becomes another level of the cestui que vie trust. As a citizen you are not protected by the Hague, the Nuremburg code and the various other war treaties signed to protect peaceful civilians.

When I fly my Red 1901 Federal Land Flag, I show that I know my standing. I am a peaceful, non-belligerent civilian who is sovereign under the Imperial Crown. I have made a conscious choice to step off of the citizen-SHIP onto dry land as I have chosen to be a SELF-DETERMINED individual.

I am loyal to my ANZACS because I have not forgotten what their sacrifice meant.
